Child Protection within Safeguarding

Policy Title:	Child Protection within Safeguarding
Policy Author:	RDG
Date Approved by Governing Body:	November 2019
Review Due:	December 2020
<u>Date of Review</u>	<u>Description of amendments (if applicable)</u>
January 2020	Amend Relationships and Sex Education Policy (from 2020)
Reviewed	At least annually subject to legislative changes

The Ethos and Values of Our School

Green Lane Church of England Primary is a rural school in the heart of Teesdale and at the centre of our local community. We offer a fantastic education based around achievement and success in a nurturing, holistic environment. At Green Lane we see the ultimate purpose of education as the promotion of “life in all its fullness” (St John’s Gospel, chapter 10, verse 10).

Here education is about more than just academic achievement; it is about developing young people who can flourish in all areas of their lives developing the intellectual, spiritual, moral and physical attributes, becoming proud and respectful members of our community. Our deeply Christian ethos and values are central to the experiences our children have each day as part of ‘Team GL.’

Keeping Children Safe in School: Safeguarding our children: Early Help through to Child Protection

Introduction

This document applies to all irrespective of their gender, ethnicity, disability, religious beliefs / faith tradition, sexual orientation, age or any other of the protected characteristics (Single Equalities Act 2010). The school respects the rights of the children and values the UN Convention on the Rights of the Child (CRC). In particular this policy supports Articles 3, 6, 19, 24, 27, 31, 32, 34, 35, 36 and 39

Principles of the Policy

Children maximise their potential in an environment which is safe, secure and supportive of all their needs, including any needs they have for protection from abuse.

Our school is committed to promoting the welfare of all children by working in partnership with parents and carers, the Local Authority (LA) and multi-agency partners in early help and child protection, in accordance with locally agreed local multi-agency safeguarding arrangements, procedures and practices.

Our policy applies to members of the school community in its widest sense. Thus this includes children and young people, their parents/carers, school staff, governors, visitors, specialist staff, and the local and wider community where they interface with the school. Within its framework, the policy outlines entitlements and responsibilities in securing the protection of children who attend the school (Appendix 1).

Our policy is underpinned and shaped by legislation and guidance contained in a variety of documents including: -

- The Children Act 1989; Children Act 2004
- The Education Act 2002; Education and Inspections Act 2006

- Working Together to Safeguard Children July 2018
- Local Multi-Agency Safeguarding Arrangements And Procedures (www.durham-scp.org.uk)
- What to do if you're worried a child is being abused – DfES 2015
- Keeping Children Safe in Education (KCSIE). Statutory guidance for schools and colleges. September 2019
- Use of reasonable force. Advice for head teachers, staff and governing bodies. DfES. July 2013
- County Durham Practice Framework: Single Assessment Procedures and Practice Guidance August 2016
- Confidential Reporting Code, (Durham Schools Extranet; Documents Library/HR)
- A Guide for Professionals on the Sharing of Information - County Durham Safeguarding Adults Inter-Agency Partnership and Durham Safeguarding Children Partnership
- Procedures for locating missing pupils and the removal of pupils from roll. *June 2017*
- *Prevent Duty Guidance: for England and Wales - HM Government 2015*
- The Prevent Duty Departmental advice for schools and childcare providers, Department for Education June 2015

To emphasise the caring ethos of our school, the staff and governors are committed to the following principles:-

- ◆ The welfare and well-being of each child is of paramount importance.
- ◆ Our policy works on the premise that abuse takes place in all communities and that school staff are particularly well-placed to identify and refer concerns and also to act to prevent children and young people from being abused.
- ◆ We respect and value each child as an individual.
- ◆ We are a listening school, and encourage an environment where children feel free to talk, knowing that they will be listened to.
- ◆ The protection of children from abuse is a whole-school issue, and the responsibility therefore of the entire school community.
- ◆ Our policy should be accessible in terms of understanding and availability. Regular training will ensure all adults in school are aware of indicators of concern or abuse and colleagues that act as designated safeguarding leads that such information should be promptly passed on to.
- ◆ Our policy will be developed and kept up to date with information from our relevant partners in early help and child protection as well as national documentation issued by HM Government and The Department of Education.
- ◆ We will use the school curriculum to resource our children to protect themselves from abuse, both as victims and as potential perpetrators.
- ◆ The school runs in an open, transparent way.

Overview: Safeguarding

1.1. Definition of 'safeguarding'

KCSIE, DfE, 2019, defines safeguarding and promoting the welfare of children as:

'Protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes. 'Children' includes every one under the age of 18'.

1.2. Safeguarding within this school

Everyone who comes into contact with children and their families has a role to play in safeguarding children. School staff are particularly important as they are in a position to identify concerns early and provide help for children, to prevent concerns from escalating. Schools and their staff form part of the wider safeguarding system for children by working with our 3 safeguarding partners in Durham Safeguarding Children Partnership – Durham County Council, Durham Constabulary and the Clinical Commissioning Groups to promote the welfare of children and protect them from harm.

Safeguarding children permeates all aspects of our work as a school, with a preventative role to inform and boost the resilience of all students by enhancing protective factors in their lives. Accordingly this policy links with many other related policies in school:

- Behaviour policy
- Anti-bullying policy
- Health and Safety policies
- Administration of Medicine
- First Aid policy
- Policy for Supporting Children with Medical Conditions
- Intimate care policy
- School visits including risk-assessments
- Online Safety (Durham Schools Extranet)
- SEN/LAC
- Equal Opportunities
- Relationships and Sex Education Policy (from 2020)

- Local multi-agency safeguarding arrangements and policies are on the following website: on www.durham-scp.org.uk. The online document is always current. The Durham Safeguarding Children's Partnership comprises the 3 safeguarding partners (Durham County Council, the clinical commissioning group, and Durham Constabulary).

- County Durham Practice Framework: Single Assessment Procedure & Practice Guidance
- Managing Allegations against Staff (Durham Online local partnership safeguarding arrangements and policies)
- KCSIE September 2019

1.3. Safeguarding throughout school life

We aim to create and maintain a **caring ethos** where all children and adults feel safe, secure and valued. If children feel happy and enjoy school this will encourage good attendance and then create conditions in which they can do their best in every area of school life. Our school operates as a listening school where children are able to approach adults with concerns. These will be taken seriously and relevant local multi-agency safeguarding procedures followed without delay if there is a risk/likelihood of, or actual significant harm. The school has strong links with St Mary's Church and the Vicar is Chair of the Governing Body. He comes in every week for face to face meetings with the Headteacher which always include any safeguarding issues that have arisen.

Curriculum:

Children have access to an appropriate curriculum, including the teaching of Relationships & sex education, and health education (from 2020), differentiated to meet their needs. This enables them to learn to develop the necessary skills to build self-esteem, respect others, defend those in need, and resolve conflict without resorting to violence. Children learn skills to question and challenge to enable them to make informed choices now and later in life. A protective factor for children is personal resilience including strong social and emotional skills. All work with children which boosts confidence and self-esteem is valuable to protect them from peer pressure and outside influences detrimental to their physical and mental well-being.

Children are encouraged to express and discuss their ideas, thoughts and feelings through a variety of activities and have access to a range of cultural opportunities which promote respect and empathy for others. As part of our new Prevent duty under s.26 of the Counter-Terrorism and Security Act 2015 we are aware of the importance of building pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views. Schools can build pupils' resilience to radicalisation by providing a safe environment for debating controversial issues and helping children and young people understand how they can influence and participate in decision-making.

Relationships & sex education, health education, Religious Education, Art, Music, Drama, and English are some of the areas of the curriculum in which children can discuss and debate important issues including lifestyles, health, safety and well-being (physical and emotional), sex education and healthy relationships, family life, child care and parenting, forced marriage, domestic abuse, religious beliefs and practices as well

as human rights issues. These subjects can be used to teach children and young people to recognise and manage risk, make safer choices, and recognise when pressure from others threatens their personal safety and wellbeing. They can develop effective ways of resisting pressure, including knowing when, where and how to get help.

Universal services and specialist support staff

The following professionals are also available to support individual children in school:

One Point professionals
The school nurse – Lynsey Atkinson
Educational Psychologist – Jilly Crammond
Child & Adolescent Mental Health Service
Learning support

Visitors

Visitors also contribute to our work to safeguard and promote the welfare of our students for example our Vicar, Rev Harding, members of the Methodist Church, Community police, Jet and Ben stranger danger, Fire Brigade/safety carousels, domestic abuse workers, sexual health advisors/drop in sessions, NSPCC, Child Line in schools etc.

The extended day

Extended day activities for example, lunchtime activities, meals and supervision by catering/supervisory staff and after-school activities on and off site all provide further opportunities for students to develop positive and caring relationships with adults, who themselves will be trained to be aware of signs and behaviours that could suggest concerns. Supportive relationships outside the home, such as those with adults in school and other children are additional protective factors that boost children's resilience. Staff will always work with children in a professional way and are reminded to respond to disclosures sensitively and appropriately. All adults in school know the names of the designated safeguarding leads and should be made aware of their responsibility to pass on any issues of concern without delay and make a written record.

Working with parents and carers

Our school believes in effective communication with parents and carers. We welcome parent/carer views and concerns about the welfare of their children and use this feedback to regularly review our practices. Parental views are obtained through surveys, questionnaires, parents' evenings, etc.

We keep parents informed about important and topical issues, including child protection elements of safeguarding, in a variety of ways including newsletters, letters home, website, twitter, Facebook, training/information sessions e.g. e-safety, bullying etc.

We aim to have good working relationships with parents and carers and to work in partnership with them through transparency and honesty. However, we do not forget that their child's needs and welfare are our paramount concern, thus obtaining consent to take matters further is **not** always appropriate. This obligation is set out in our school brochure.

1.4. Safeguarding and Child Protection training for all staff/adults working in school

Our school complies with the advice laid down in 'Working Together to Safeguard Children' 2018 and KCSIE September 2019 to undertake regular training.

Date of last training: 3 September 2019

A record of those trained may be found in the Single Central Record. Individuals have a certificate to verify their attendance.

Training for the designated safeguarding leads is undertaken every 2 years.

Date of last training: Mrs N Linsley	November 2018
Mrs A Hartley	July 2019
Mr R Goffee	April 2018
Miss K Hall	June 2019

We recognise that as a minimum schools should ensure that the Designated Safeguarding Lead undertakes Prevent awareness training and is thus able to provide advice and support to other members of staff on protecting children from the risk of radicalisation (The Prevent duty DFE June 2015)

Prevent training was undertaken by all staff in September 2019

The Nominated Governor with responsibility for Safeguarding is Frances Stenlake

Date of last training: 24 June 2019

The Headteacher, the School Business Manager and one Governor, Rev A Harding have attended 'Safer Recruitment Training' provided by Durham County Council and NSPCC in December 2016.

Appendix 3 gives practical advice regarding behaviour guidelines for staff and volunteers. All staff should also be directed to "Guidance for safer working practice for

those working with children and young people in education settings' from the Safer Recruitment Consortium (October 2015).

Child Protection within safeguarding arrangements for all children/young people in school

There are a series of layers of care and intervention ranging from safeguarding for all/universal services (single-agency activities) through to multi-agency work under the Children Acts 1989 and 2018:

- Safeguarding arrangements in school
- Early Help within universal services
- More complex cases requiring Early Help
- Child in Need yet consent required as for levels 2 and 3
- Child Protection
- Durham Safeguarding Children's Board's guidance and procedures (see www.durham-scp.org.uk)

The Children and Young People's Strategy

The Children and Young People's Strategy 2019-2022, prepared jointly by all public services and voluntary and community services including the Council, local health services and the police who work together to improve outcomes for children, young people and their families through the Children and Families Partnership.

Aim 1

All children and young people have a safe childhood. We will provide a range of services for children, young people and families to help ensure they achieve this aim. We will focus on preventative measures through our early help and intervention services and will ensure that all children in need of help and protection are protected from harm. We will ensure that young people are protected from crime and those who get into trouble are supported by a range of services, including the youth offending service.

For those needing our statutory support services we will ensure that our social work practice is of a high standard. We will be an excellent corporate parent to the children and young people within the Council's care and for those leaving the care system. We will work with education, youth support and other networks to ensure good services are available to all our children, young people and their families.

Aim 2

Children and Young People enjoy the best start in life, good health and emotional wellbeing. Better outcomes for children cannot be achieved through health and social care service improvement in isolation. How children live, learn and play are all key drivers of healthy development. Parenting is critical to a child's development and evidence shows children who are exposed to adverse events such as domestic abuse

or alcohol misuse can be affected negatively, both physically and mentally, throughout their adolescence and into adult life. Education, housing, community connections, employment and poverty all determine whether a child will be more likely to thrive and achieve their optimum potential in life. We will work to ensure our children enjoy the best start in life and have good health and wellbeing, offering help when required. For our more vulnerable children and families we will provide a more targeted offer of support to reduce inequalities in outcomes. Children and young people will be supported to achieve their optimum mental health and wellbeing.

Aim 3

Young people gain the education, skills and experience to succeed in adulthood.

We will focus on improving the educational attainment of our children and young people. We also need to ensure that young people have the right skills and are prepared for work and we need to work together to ensure children develop a love of learning in addition to ensuring that there are sufficient employment and training opportunities available. We will also ensure that young people have the opportunity and support to progress in education, employment and training on leaving school through our DurhamWorks programme.

Aim 4

Children and young people with special educational needs and disabilities achieve the best possible outcomes.

We aim to ensure that children and young people with special educational needs and disabilities have high quality support which meets their needs. Children, young people and their families will be involved in the design and plans for these services, with their voice being listened to and where possible acted upon. It is important that we are able to support these children and young people to secure meaningful employment which enables and prepares them to live independently into adult life.

1.5. Life at Home

The Framework for Assessment triangle, reproduced below, summarises every aspect of a child's life under three headings:

- Child's developmental needs (How I grow and develop)
- Parenting capacity (What I need from people that look after me)
- Family and environmental factors (My wider world)

This structure is mirrored in the Referral form for First Contact Service.

Aspects from all three domains combine in home life and staff and adults in school should be mindful of these connections as they work with children and their parents/carers in school.

This school believes that it is essential to work with parents and carers in the best interests of their children. However, good relationships with parents and carers should not detract from our primary concern which is the welfare of children in this school.

Staff are made aware in training of the 'toxic quad' issues in home life that could have an impact on the way children are parented (Munroe, 2010). The Government research into Serious Case Reviews reveals that the presence of one or more of the following issues could have a detrimental impact on parenting of children in that household:

- Domestic abuse (violence)
- Substance misuse (alcohol and or drugs)
- Adult mental health
- Learning Disabilities

Neglect is the largest category for children being on the Child Protection list (nationally and in Durham). Durham LSCB have produced new Neglect Practice Guidance (Revised 2017) linked to the Tackling Neglect Multi-Agency Strategy 2017. Both documents can be found on the website www.durham-scp.org.uk.

1.6. Signs and behaviours of concern

All school staff members should be aware of the types of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. KCSIE, *September 2019, Part 1*

Paragraph 18 of the document emphasises that staff should be particularly alert to the need for early help for a child who:

- *is disabled and has specific additional needs;*
- *has special educational needs (whether they have a Statutory Education, Health and Care Plan);*
- *is a young carer;*
- *is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups;*
- *is frequently missing/goes missing from care or from home;*
- *is at risk of modern slavery, trafficking or exploitation;*
- *is at risk of being radicalised or exploited;*
- *is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse;*
- *is misusing alcohol or drugs themselves;*
- *has returned home to their family from care; and*
- *is a privately fostered child.*

All staff will receive appropriate safeguarding and child protection training which is regularly updated together with safeguarding and child protection updates (for example, via e-mail, e-bulletins and staff meetings), as required, at least annually to provide them

with relevant skills and knowledge to safeguard children effectively. *KCSIE , September 2019, Part 1 (para 14)*

In our school we constantly keep these issues to the fore in a variety of ways including Senior Leadership weekly safeguarding meetings, case study discussion, staff briefings, notice-boards etc.

Our school understands that it is best practice to discuss concerns with parents/carers before contacting First Contact Service (providing this does not present a delay), or unless by doing so the child would be put at further risk of harm. First Contact Service: 03000 267979.

Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children’s social care (and if appropriate the police) is made immediately.

Anyone can make a referral. When referrals are not made by the safeguarding team, the safeguarding team should be informed, as soon as possible, that a referral has been made.

1.7. Single Assessment Procedure & Practice Guidance

All school and college staff should be prepared to identify children who may benefit from early help’ *KCSIE, September 2019 (para 8)* This relates to work with other universal agencies and following DSCP procedures and guidance (see www.durham-scp.org.uk). Our school is aware that ‘no single professional can have a full picture of a child’s needs and circumstances’. Also, that ‘if children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action’. *KCSIE 2019 Part 1 (para 3)*.

This school works with the consent of parents and carers to jointly undertake assessments where an unmet need has been identified. However, we are aware from the new document, ‘A Guide for Professionals on the Sharing of Information’ (Durham, 2014) that it may be necessary to meet with other services and agencies even if this consent for a ‘Team around the Family’ meeting is not forthcoming. These professionals’ meetings are important to share concerns, suggest ways forward along with further work to encourage participation by parents/carers in early help processes. 0-19 Hubs, One Point colleagues and Early Help Advisors are also a useful source of advice in these circumstances.

Team around the Family (TAF) is an early means of intervention to provide appropriate advice and support for the parents/carers and young person by working with appropriate local agencies through Team around the Family arrangements. See www.durham-scp.org.uk

Durham Multi-Agency Safeguarding Hub (MASH)

Where concerns are identified as Level 3 or 4 on the Durham Staircase, our school will cooperate promptly and fully with relevant information to inform further assessments undertaken by the MASH team.

1.8. Child in Need

Section 17 of the 1989 Children Act

Working Together to Safeguard Children 2018

A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. KCSIE 2019 Part 1 (para 42).

This school recognises the importance of this early support and intervention work in more complex cases undertaken with the consent of parents and carers at Step 3 (Amber) of the Durham Staircase and Continuum of Need. We work with parents/carers, the child and other relevant agencies. We recognise the importance of attendance at Team around the Family meetings and contributing relevant and timely information for updating the Family Plan.

1.9. Child Protection and significant harm

Section 47 of the 1989 Children Act

Working Together to Safeguard Children 2018

Local authorities, with the help of other organisations as appropriate, have a duty to make enquiries under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm. Such enquiries enable them to decide whether they should take any action to safeguard and promote the child's welfare and must be initiated where there are concerns about maltreatment, including all forms of abuse and neglect, female genital mutilation or other so-called honour-based violence, and extra-familial threats like radicalisation and sexual exploitation'. KCSIE 2019 Part 1 (para 42)

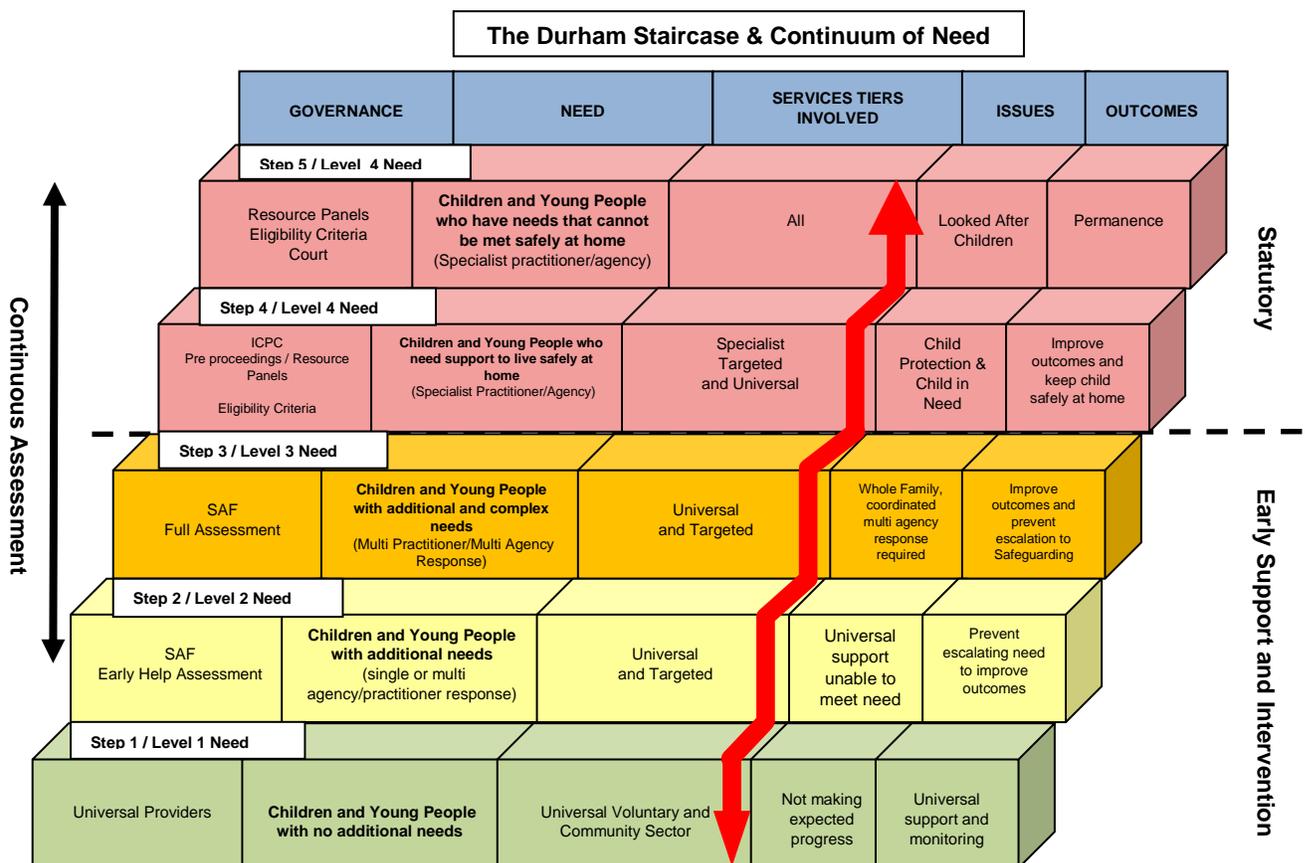

Significant harm is the threshold that justifies compulsory intervention in family life in the best interests of children.

1.10. Prepare for the unexpected

Staff are aware from their training that some children might display worrying signs/symptoms or disclose information suggesting abuse, when they have never previously given rise to concern. Staff must contact the designated safeguarding lead for child protection or another member of the safeguarding team **without delay** so concerns can be discussed with the First Contact Service as soon as possible. In all cases it should be borne in mind that other siblings might be at risk in the household as well as the one presenting concerns in school. 'Staff working with children are advised to maintain an attitude of **'it could happen here'** where safeguarding is concerned. When concerned about the welfare of a child, staff should always act in the **best** interests of the child'. KCSIE 2019 Part 1 (para 35).

1.11. The Durham Staircase

This is a diagrammatic representation of the continuum of assessment and intervention in Durham from universal services through to child protection arrangements.

Child Protection Policy for Green Lane CE Primary School

This policy applies to all staff, governors and volunteers working in school. There are six main elements to the policy.

- (1) Establishing a safe environment in which children can learn and develop
- (2) Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children
- (3) Training and supporting staff to equip them to appropriately recognise, respond to and support children who are vulnerable and may need safeguarding
- (4) Raising awareness of child protection issues and equipping children with resilience and skills needed to keep them safe
- (5) Developing and implementing procedures for identifying and reporting cases, or suspected cases, of abuse
- (6) Supporting pupils who have been abused in accordance with their agreed child protection plan.

1.12. Establishing a safe environment in which children can learn and develop

This links to the school's overall safeguarding arrangements and duty of care to all students.

The following policies are relevant:

- Health and Safety Policy
- Security Policy
- Fire Safety Policy

These three policies are reviewed by the Finance and Premises Committee of the Governing Body on an annual basis in the autumn term.

- DCC Employee Health and Safety Handbook
<https://gateway.durhamschools.org.uk/premises/healthsafety/Lists/Document%20Library/Document.aspx?ID=16&Source=https://gateway.durhamschools.org.uk/premises/healthsafety%2FLists/Document%20Library>

1.13. Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children

The Head Teacher and the Chair of Governors, Rev A Harding have attended 'Safer Recruitment Training' provided by Durham County Council and NSPCC in 2016

- Our school will comply with the requirements outlined in local multi-agency safeguarding arrangements 'Key Safeguarding Employment Standards' and in the DSCP Child Protection procedures as well as national documentation in KCSIE September 2019, Part 3.

- Our school will refer to its responsibilities regarding safeguarding and child protection in all job descriptions, and/or to its profile in the school, in the general information distributed with application forms. Annex B in KCSIE September 2019 has specific details of the role of the designated safeguarding lead.
- Our school will undertake appropriate pre-employment checks on all staff working in school, including criminal record checks (DBS checks), barred list checks and prohibition checks together with references and interview information, as detailed in Part 3: Safer Recruitment in Keeping children safe in education, September 2019.
- As outlined in KCSIE, September 2019 (paras 121-133), the level of DBS certificate required, and whether a check for any prohibition, direction, sanction, or restriction is required, will depend on the role that is being offered and duties involved. As most staff will be engaging in regulated activity, an enhanced DBS certificate which includes barred list information, will be required for most appointments.
- In school a **supervised** volunteer who regularly teaches or looks after children is not in regulated activity. KCSIE 2019 (para 119)
- Volunteers who do not have an enhanced DBS or who do not carry out regulated activities (such as one-to-one reading) will not be left unsupervised with groups of children, nor will they be in areas where they cannot be fully seen by the supervising teacher.
- In accepting the offer of help from volunteers, especially those unknown, staff are aware that schools in general are attractive places for 'unsafe' volunteers.
- Schools may be places where those with unhealthy interests in children seek to find employment (paid or otherwise). Staff should be vigilant about all inappropriate behaviour with children that gives cause for concern. The Head Teacher and governors must be aware of the Durham County Council Confidential Reporting Code arrangements.
- Supply staff - ensure that appropriate DBS checks are carried out before employing supply staff, especially those not available via the Durham Supply Partnership.
- Our Governing Body will be aware of their responsibilities in connection with staff appointments and similarly aware of their liabilities especially if they fail to follow LA guidance.
- Members of our governing body (except associate governors) will be subject to a Section 128 check.
- Volunteers and helpers will not be given tasks beyond their capabilities and therefore where they might feel under pressure.
- Volunteers and helpers should feel able to discuss difficulties with the teacher, who will respond with advice and additional guidance and supervision.
- Volunteers and helpers will not have the opportunity to feel that they are in charge and thus in a position of power, which may then be abused.
- Volunteers, helpers and staff new to the school are given a leaflet that covers behaviour guidelines for staff and volunteers.

1.14. Training and supporting staff to equip them to appropriately recognise, respond to and support children who are vulnerable and may be in need of safeguarding

All staff members should be aware of systems within their school or college which support safeguarding and these should be explained to them as part of staff induction. This should include:

- The child protection policy
 - The staff behaviour policy (sometimes called a code of conduct);
 - The safeguarding response to children who go missing from education, and
 - The role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies / those in the safeguarding team)
- KCSIE September 2019 Part 1 (para 13)
- Copies of policies and a copy of Part 1 of KCSIE, September 2019, will be provided to staff and volunteers at induction. All staff are **required to read** this.

All staff will be made aware of:

- Our local 'early help' process and their role in it;
- The process for making referrals to Children's Social Care and section 47 that may follow a referral, along with the role they may be expected to play in such assessments;
- What to do if a child tells them he or she is being abused or neglected, along with maintaining an appropriate level of confidentiality, involving only those who need to be involved, and never promising a child that they will not tell anyone about their abuse.
- All staff will be made aware of the practical government guidance document 'Guidance on Safer Working practice for Adults who Work with Children and Young People', Safer Recruitment Consortium, May 2019.
- All adults working in school receive yearly whole-school safeguarding and child protection training which is regularly updated. The DSL is responsible for ensuring that the training reflects new priorities and concerns within the County and other multi-agency local priorities.
- The date and the names of delegates at these sessions are recorded and held securely to ensure all staff are appropriately trained.

The designated safeguarding lead and any deputies / members of the safeguarding team will undergo training to ensure that they have the knowledge and skills required to

carry out their role. The training should be updated every two years. KCSIE, September 2019, Part 2 (para 66).

1.15. Raising awareness of other safeguarding issues, boosting resilience and equipping children with the skills needed to keep them safe

We raise child protection issues with children and their parents/carers in the following ways:

Children

- Awareness of IT, e-safety issues including cyber-bullying, sexting and hazing. We are mindful that children are safe from terrorist and extremist material when accessing the internet in schools. All schools in the County have the new Smoothwall filtering and monitoring system in place for this and other potentially risky content. It is wise for a Designated Safeguarding Lead to review these records regularly to see whether it links up with other safeguarding concerns about particular individuals. Online safety is continually emphasised in line with Annex C of KCSIE, September 2019 and DfE 'Teaching Online Safety in Schools, June 2019.
- Other themes are addressed through our PSHCE and SRE programmes, collective worship, Prayer space events, outside visitors and trainers.
- Names (and photographs) of staff and adults in school that children can speak to if they have concerns (school, family or community issues)

Parents and carers

- Our school brochure, web site and other means of communication with parents will re-enforce the message that our school is committed to the welfare and protection of all children in its care. School staff and governors take this duty of care very seriously.
- A statement relating to safeguarding and child protection is included in our school brochure
- Newsletters, letters to parents about specific issues, our school web site and Parents Evenings are used to disseminate and re-enforce key safeguarding and child protection information
- In addition we also offer events/briefings and workshops on particular issues
- Parents are told that it is essential that school records are kept up to date. Parents are asked to keep school informed of any changes. School will accordingly update records held to reflect
 - which adults have parental responsibility
 - court orders which may be in force
 - children on the Child Protection list
 - the child's name at birth and any subsequent names (taking care over unusual spellings)
 - any other changes to home circumstances

- Current address and telephone contacts. We are aware that, as a school, it is good practice to hold more than one emergency contact number for each child KCSIE 2019 Part 2 (para 57)

1.16. Developing and implementing procedures for identifying and reporting cases, or suspected cases, of abuse

Names of designated safeguarding leads

All staff, including part-time, peripatetic and adults working with children in school should be informed who these colleagues are. Crucially, this also applies to work-placement students, trainee teachers and supply staff who might be the fresh new face that a child might disclose something important to.

Recording concerns

ALL concerns passed to the designated safeguarding leads must be written, signed and dated on the relevant 'Cause for Concern' form. The more relevant details staff document the better (approximate size, colour of injury, which arm, if burn is scabbing over etc.) Staff can express concern or sensitively remark about an injury (open ended questions), but should not ask direct questions. They should never do so in front of other children.

Disclosures of worrying information by children must also be recorded on a '*concern*' form or electronic database.

'All staff should know what to do if a child tells them he/she is being abused or neglected. Staff should know how to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved, e.g. Safeguarding Team.

'Staff should never promise a child that they will not tell anyone about an allegation- as this may ultimately not be in the best interests of the child'.

KCSIE, September 2019, Part 1.

Staff should write the exact words used by the child. Any original notes/jottings/reminders made by the adult must be stapled to the form as first-hand information that could be important if a case went to court.

Listening to Children and Receiving Disclosures

- We embrace our role as a listening school where children can discuss concerns with any member of staff or adult who works with them. Staff (teaching and support) will make time and be available should children approach them with a situation they are worried about.
- Concerns must be taken seriously and at face-value. It is easy to make speedy judgements based on previous knowledge of the child or young person.

- Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the best interests of the child.
- Staff receiving a disclosure are unable to promise 'keeping a secret' or confidentiality. They will need to explain that depending on what the child says they might need to share the information with someone who deals with these concerns in school
- If the child does not wish to continue and say anything further the adult should pass on the concern to the designated safeguarding lead or a member of the safeguarding team who might wish to keep an eye on that student and may well be aware of other issues of concern.
- When the member of staff next comes across the child concerned, it would be appropriate to ask how they are and remind them that they are able to come and talk when they wish.
- Staff should never speak to another sibling in the family to make enquiries: to investigate concerns is not the role of the school and parents/carers would be rightly aggrieved.
- If there is concern about another member of staff or adult working in school, the matter must be passed straight to the Head Teacher. The member of staff concerned must not be spoken to.

Please remember:

- (i) The child should be allowed to make the disclosure at his/her own pace and in his/her own way.
- (ii) The member of staff should avoid interrupting except to clarify what the child is saying but
- (iii) Should not probe for any information that the child does not volunteer.

Recording and Response of the designated lead professional

All information received should be stored in the safeguarding file. Records are kept securely in locked storage in the Headteacher's office and away from the child's individual school records. (Any individual child file is marked to show the existence of the additional 'concern' file). Our designated safeguarding leads can access these documents in an emergency or in the event of an enquiry for information by the MASH (Multi-Agency Safeguarding Hub) team for example.

We keep a simple central 'chronology of significant events' for all children in school. This assists should the MASH make contact about issues beyond school and also inform any other concerns in school.

Discussing concerns with the First Contact Service 03000 26 79 79 Procedures detailing local multi-agency arrangements may be found on

www.durham-scp.org.uk, including detailed information about the management of individual cases. In addition, staff should refer to the County Durham Practice Framework: Single Assessment Procedure and Practice Guidance, September 2015.

We use the local authority Referral Form for notifying First Contact of concerns.

If a concern is taken up as a **referral** under section 47: Child Protection, actual or likelihood of significant harm, parents or carers will be informed of this **unless to do so would place the child at further risk of harm.**

If the child requires immediate medical attention staff will accompany the child to the nearest Accident and Emergency Department. First Contact will be informed immediately if the injuries are linked to a child protection matter, so an appropriate paediatrician sees the child. The Director of Children and Young People's Services will be informed, and parents will be notified of the action taken.

If the situation is an emergency and staff are unable to speak to First Contact, we will phone the Police on 0845 60 60 365 and ask to speak to a colleague in the Vulnerability Unit concerning a child.

<p style="text-align: center;">Police Switchboard: 0345 6060365 Ask for the nearest local Vulnerability Unit to school</p>
--

Discussions with First Contact will be followed up in writing

Discussions of concern and requests for support will be followed up in writing, using the referral form.

The information will be sent via secure e-mail to First Contact, by fax (taking extreme care to ensure the number is correct) or by tamper-proof envelope. A copy is kept on the child's concern file.

If a member of staff feels that the designated safeguarding lead and/or Head Teacher are not taking concerns seriously enough, then it is appropriate for them to tell that person that they are going to consult with First Contact themselves.

'Any staff member who has a concern about a child's welfare should follow the referral processes set out in paragraphs 36-47'. KCSIE, 2019, Part 1 (para 9).

<p style="text-align: center;">First Contact Service 5, Parson's Court, Newton Aycliffe, DL5 6ZE Telephone: 03000 26 79 79 Fax: 0191 383 5752</p>

Attendance at Strategy meetings if assessed to be child protection concern

Strategy meetings are one of four multi-agency meetings as part of Child Protection processes. Local multi-agency procedures have detailed guidance about these meetings, www.durham-scp.org.uk. There is a table to summarise multi-agency meetings, timescales and responsibilities of attendees in Appendix 7.

School staff may be invited to a strategy meeting. These multi-agency meetings are called to decide whether the threshold for an s47 enquiry should commence to investigate the concerns that have been raised.

These meetings may be called at short notice and we recognise that appropriate staff from this school should attend wherever possible. If the school is the referring agency, they should be invited to attend these meetings. School is able to offer a venue if there is a suitable room where confidentiality can be assured.

Staff should make available any handwritten notes, dated and signed, as well as other records from the concern file including the single agency chronology of concerns. Any further written evidence from the child: stories, drawings etc. should be brought to the meeting.

In school, staff should monitor the child discreetly for any further concerns or signs that are worrying and give support and reassurance to the child.

All information should be treated with discretion and confidentiality and shared in accordance with 'A Guide for Professionals on the Sharing of Information'. Durham LSCB, 2014.

If concerns are not substantiated following the section 47 enquiries our school will work with other agencies to determine what further support the family and child require. The school will continue to monitor and support the child.

Multi-Agency Work

1.17. Initial Child Protection Conference: school responsibilities

See local partnership procedures for more details, www.durham-scp.org.uk. Following the final strategy meeting (some complex cases like forced marriage, fabricated and induced illness and organisational abuse may require several strategy meetings) a decision might be made to hold an Initial Child Protection Conference. This work continues within Family First Teams within the County.

A conference will be called if there is thought to be an on-going risk or likelihood of significant harm to the child(ren). The date will be within 15 working days after the last strategy meeting.

1.18. School responsibilities

Attendance

It is understood that appropriate school staff should make every effort to attend (unless the date coincides with school holidays). In this case it might be possible for other colleagues with a working knowledge of the child and family to attend. School will determine the most appropriate colleague: Class Teacher, Head Teacher, designated lead professional for child protection, member of the safeguarding team. This colleague should be fully briefed about preparation for and conduct of Initial (and Review) Child Protection conferences and they should be in a position to commit the school to continue the work and resources involved in monitoring the child's welfare and any other tasks allocated as part of the Child Protection Plan. If no one is able to attend, the conference clerk and the Independent Reviewing Officer should be contacted without delay. Likewise these colleagues should be informed if the invitation to attend the conference arrives too late to enable other responsibilities (writing report, sharing with parents) to be undertaken as laid down in the DSCP procedures.

Preparation of a report

Schools may wish to amplify and develop information provided on the new Referral form as the basis of their report. Less experienced colleagues should be supported with the preparation of this document.

The report will contain objective information and provide evidence to support the views contained within it. It will refer to all aspects of the child's life in school, noting specific changes or areas/situations where the child's attitudes and concentration differ from the norm. It will provide details of how the school has worked and might continue to work with the child and their family.

Chronology of significant events

A single-agency chronology should also be produced for this meeting using the template available on the DSCP website www.durham-scp.org.uk. The detailed 'in house' school chronology should be streamlined to include key relevant incidents noted by school.

Sharing of the report

This may cause tensions between school and the child's parents and carers but this is in line with local partnership arrangements and procedures. It is the responsibility of all professionals attending the conference. The report should be shared with parents/carers of the child at least **two working days** before the conference. Part of the report may also be shared with the young person, where age-appropriate. This will give the family a chance to question or clarify any issues raised within the report prior to the conference. If there are areas of the report which are confidential then the designated

lead professional should contact the Independent Reviewing Officer who chairs the conference. The report will be passed to the Conference Clerk via the secure e-mail system ready for dissemination to other professionals attending the conference.

Membership of a Core Group (See LSCB Child Protection Procedures)

(See partnership safeguarding arrangements and procedures - www.durham-scp.org.uk). This school recognises that membership of a core group is a responsibility that necessitates time and commitment to attend regular meetings and complete the work detailed in the Child Protection Plan.

The merged multi-agency chronology will be regularly updated as part of this on-going work.

Review Child Protection Conference

(See local partnership safeguarding arrangements and procedures - www.durham-scp.org.uk). The school will complete the relevant report for the first review conference, after 10 weeks and for any subsequent reviews at intervals of 5 months. The report will detail work undertaken by the school with parents/carers and the child to complete the tasks assigned in the Child Protection Plan. This report should be shared 7 days before the conference takes place. This report will detail the progress made towards the tasks outlines on the Child Protection Plan.

Information-sharing.

1.19. Parents/Carers

Staff and Head Teacher must **not** automatically contact parents if there is a disclosure by the child or there are other concerns that the child may be at risk of significant harm. Rather schools should discuss concerns with the First Contact Service. Information should not be shared with parents if there was a likelihood that by doing so it might place the child at further risk of harm. Parents must be aware that once matters have been referred to the First Contact Service the school can only explain the procedure and is not able to give 'progress reports' on the case.

1.20. School staff

There is a delicate balance to be struck between alerting members of staff to the concern about the child and the need to protect the child from too many people knowing. Information should only be divulged on a 'need to know' basis. Other members of staff need to know sufficient to prepare them to act with sensitivity to a distressed pupil. They do not need to know details.

1.21. Children transferring to another school

When a child on the Child Protection List moves to another school the designated lead professional will inform the new school immediately and arrange the handover of confidential information separately from other records. If a child for whom there are other existing serious concerns transfers to another school, the new receiving school will be informed immediately and written records will follow. If the school is within the County or close by, information could be handed over personally from one safeguarding lead to another. A form should be prepared for both schools to sign to confirm receipt of the records.

Any child transferring to another school (or at the end of a key stage) who has a concern file, this should be passed on promptly to the new school. If schools fail to do this the new school should phone the previous school and clarify that there are no issues that school should be aware of.

1.22. County Guidance and protocols

(See DSCP website for further details, 'Information sharing' - www.durham-scp.org.uk)

Eight Golden Rules for Information-sharing and flowchart

County Durham Protocol for Working Together in the Delivery of Services to Adults and Children

DSCP safeguarding arrangements and procedures

A Guide for Professionals on the Sharing of Information

County Durham Safeguarding Adults Inter-Agency Partnership and Durham LSCB (2014).

Information Sharing

Staff at our school are aware of the need to share information appropriately. The documents above emphasise the key point that if there is a suspicion that a child could be at risk of significant harm, they should refer the matter to the First Contact Service without delay. Concerns must always be followed up in writing.

Our school takes care to ensure that information about a child is only given to the appropriate external people or agencies. Staff will take names and ring back via a main switchboard if unsure. All staff within school will be aware of the confidential nature of personal information about a child and the need for maintaining confidentiality. They will seek advice about parental responsibility issues if unsure.

Further advice about legal issues is available from Corporate Legal Services

Allegations against teachers and other staff

See Part 4 of KCSIE September 2019. There is an extensive section in the DSCP online Child Protection Procedures (under Core Procedures).

Allegations of abuse by staff in schools must be investigated in accordance with the DSCP procedures, and when dealing with any allegation against staff, it is vital to keep the welfare of the child as the central concern. However, as in all child protection issues, a balance needs to be struck between supporting and protecting the child and keeping the effects of possibly false allegations to a minimum. Thus, urgent consideration should be given to the substance of the allegations.

On receiving an allegation, the Head Teacher will proceed in line with recognised procedures - consulting immediately with LA officers (LADO, Local Authority Designated Officer, Sharon Lewis) and/or informing the First Contact Service. If the LADO is unavailable there should be no delay in discussing with First Contact. The Head Teacher must not start to investigate.

Allegations regarding the Headteacher should be passed to the Chair of Governors. Should this lead to delay, the person receiving details of the allegation should follow the advice above and report the matter immediately to the LADO and First Contact Service. At this stage the Head Teacher should not be informed of the allegation (the same process as for any member of staff or adult in school). The Chair of Governors should be informed as soon as possible and asked to contact the LADO.

Local Authority Designated Officer (LADO)

Sharon Lewis 03000 261872

First Contact Service 03000 267979

CYPSLADOSecure@durham.gov.uk

Investigations will be carried out by the appropriate agencies. In dealing with any allegation the Head Teacher and governors need to balance:

- The seriousness of the allegation.
- The risk of harm to pupils.
- Possible contamination of evidence.
- The welfare of the person concerned.

Suspension of the member of staff will be considered

- if there are any grounds for doubt as to the suitability of the employee to continue to work
- where suspension may assist in the completion of an investigation.

Suspension will be carried out in line with LA guidelines. Head Teachers may find it useful to contact the LA Human Resources Department for guidance. During the

investigation support will be offered to both the pupil making the allegation and the member of staff concerned. A disciplinary investigation will be carried out only after Police and Intervention and Assessment Teams propose to take no further action. Detailed records will be kept by all parties involved.

Where recommendations are made to school regarding the outcome of a Child Protection investigation the school will advise Children and Young People’s Services regarding their response to the recommendation. For example, if a person is suspended and returns to school, the date of that return should be communicated.

The following definitions are now used when determining the outcome of allegation investigations:

Substantiated:	there is sufficient evidence to prove the allegation;
Malicious:	there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive;
False:	there is sufficient evidence to disprove the allegation;
Unsubstantiated:	there is insufficient evidence to either prove or disprove the allegation. The term, therefore, does not imply guilt or innocence.

Safe Touch

Our school has a policy/guidelines on the use of touch, including an Intimate Care policy and this includes such points as:

- assisting in the washing of young children who have wet/soiled themselves
- intimate care risk assessments for certain children with medical needs or disabilities.
- using physical contact to demonstrate exercises or techniques, for example, in PE, sports coaching, or other practical subjects
- administering First Aid
- supporting younger children and children with special needs who may need physical prompts or help
- giving appropriate comfort to a child who is distressed
- recognising that physical contact is a sensitive issue for some cultural groups
- acknowledging that physical contact becomes increasingly open to question as children reach and go through adolescence
- ensuring a consistent approach where staff and pupils are of different genders
- acknowledging that innocent and well-intentioned physical contact can sometimes be misconstrued
- having a prescribed handling policy for children requiring complex or repeated physical handling, with specific training for staff who deal with them.

Physical control and restrictive physical intervention: Use of reasonable force

Our school has a policy on the use of restrictive physical interventions covering the appropriate use of reasonable force.

Our school policy relates to the following:

DfE Guidance: Use of Reasonable Force in Schools (2013)

- Our school Policy on the Use of Restrictive Physical Interventions gives guidance on:
 - when staff may use physical control and restraint
 - who is allowed to use physical control and restraint
 - what forms physical control and restraint may take in particular circumstances
 - what forms of physical control and restraint are not acceptable
 - recording of incidents where physical handling has been used
 - The Policy also makes it clear that corporal punishment is NOT allowed.

The Prevent Duty

The Counter Terrorism and Security Act 2015 places a due on certain bodies, including schools, to have 'due regard to the need to prevent people from being drawn into terrorism'. The DfE has produced non-statutory advice for schools, 'The Prevent duty' June 2015.

This work is part of schools' broader safeguarding responsibilities and protecting children from other harms (drugs, gangs, neglect, and sexual exploitation). During the process of radicalisation, it is possible to intervene to prevent vulnerable people being radicalised. The PREVENT duty (July 2015) summarises four areas in which schools might be involved: risk assessment, working in partnership, staff training and IT policies.

In our school:

- staff can identify children who may be vulnerable to radicalisation. Information or concerns are shared with the Designated Safeguarding Lead or members of the safeguarding team in the same way as other information that might be a safeguarding concern, who will then follow procedures in line with DSCP guidance.
- policies and procedures are in line with those of DCC, Durham Constabulary and the DSCP.
- throughout the life of the school as well as in specific lessons to build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views.

- robust online policies are mindful of guidance within KCSIE, September 2019, Annex C 'Online safety', and DfE guidance 'Teaching Online Safety in School' June 2019.

Prevent Duty Guidance in England and Wales (2015), paragraph 64, notes

'Schools should be safe spaces in which children and young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas. The Prevent duty is not intended to limit discussion of these issues. Schools should, however, be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues'

Through discussion with the specialist colleagues at Durham Constabulary it may be appropriate to make a referral to the Channel programme. This programme focuses on support at an early stage, tailor-made to the individual young person. Engagement with the programme is entirely voluntary. A school representative may be asked to be a member if a student from the school is to be discussed at the Channel panel.

The Prevent Team
HQ special branch@durham.pnn.police.uk

DCC Community Safety 03000 265436/435
Community.safety@durham.gov.uk

(The DSCP website 'Professionals; Prevent-Counter Terrorism; has examples of policies produced by the Safe Durham Partnership as well as further information including e-learning opportunities.)

Child Sexual Exploitation

Schools must be aware of young people who could be at risk of sexual exploitation. KCSIE, September 2019 (pg. 79-80), provides a definition (that may be updated).

The definition makes it clear that this is where there is an imbalance of power in a relationship when the young person receives something as a result of engaging in sexual activities. There are varying degrees of coercion, intimidation or enticement that might also link to bullying, peer pressure and e-safety issues. National Serious Case Reviews highlight that sometimes these young people are perceived as 'bad' not 'sad'. Where there is a deterioration in behaviour, work, and changes to friendship patterns along with missing from home or absenting school the underlying factors need to be examined. If there is a concern that a young person may be at risk of sexual exploitation the designated lead or member of the safeguarding team should discuss with First Contact Service where there are specialist colleagues trained to assist in these cases.

Durham DSCP has a section of their website devoted to resources, guidance, and a risk assessment matrix that assists schools. The multi-agency ERASE team website is available as a source of help and information for children, parents and the wider community, www.eraseabuse.org.

In Primary Schools 'NSPCC' offers a talk on 'The Underwear Rule' PANTS:

Privates are private

- **A**lways remember your body belongs to you
- **N**o means no
- **T**alk about secrets that upset you
- **S**peak up, someone can help

For concerns relating to sexualised behaviour by children and young people, the Brook Traffic Light Tool (brook.org.uk) is a useful resource. Concerns (green, amber and red) are listed within four age categories 1-5; 5-9; 9-13 and 13-17 years. This information can be used to supplement other information from the 0-19 levels of need document as part of a wider referral to First Contact.

Appendix 12, DFE, May 2018 is also a useful reference.

Female Genital Mutilation

This comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. This is illegal in the UK (The FGM Act 2003), abusive and has varied long-lasting consequences for the young girl. If adults working with girls suspect that one might be at risk it is essential that they pass the information on to a member of the safeguarding team who will phone First Contact for advice. There is a FGM Helpline also on 0800 028 3550. There is also a useful website: fgmhelp@nspcc.org.uk

Two new guidance leaflets have been produced by the Home Office & the National FGM Centre:

<http://nationalfgmcentre.org.uk/wp-content/uploads/2019/06/FGM-Schools-Guidance-National-FGM-Centre.pdf>

<https://www.gov.uk/government/publications/female-genital-mutilation-leaflet>

The Home Office has produced some free, informative, on-line training that designated leads might wish to access: Virtual college e-learning: Recognising and Preventing FGM.

If a teacher discovers that an act of FGM has been undertaken on a girl under the age of 18, they have a duty to report this to the police.

Online Safety

This policy links to the wealth of other policies in school, and those that schools may download and customise from the following sources:

2019 DFE 'Teaching Online Safety in Schools'
September 2019 Durham LA Online Safety Policy Template for Educational Settings
School's Behaviour Policy
School's Anti-bullying Policy

Two items are referenced in the Appendices on Sexting:
Annex G from Sexting in schools and colleges: Responding to incidents and safeguarding young people
Advice for schools: Responding to and managing Sexting Incidents (UK Safer Internet Centre)

There is a Professionals Online Safety Helpline 0844 381 4772

On the DSCP website in the Multi-agency online Procedures Manual, part 2, Safeguarding Practice Guidance there is further information under 'E-safety: Children Exposed to Abuse through the Digital Media'

Peer on Peer Abuse

- Peer on peer abuse is taken very seriously KCSIE 2019 Part 1 (Para 27) and our staff are aware that children are capable of abusing their peers.

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children's Services and the Police, but also in the assessment and management of risk that the child or young person may pose to themselves and others in the education setting.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or

Whether the perpetrator has repeatedly tried to harm one or more other children; or

Whether there are concerns about the intention of the alleged perpetrator.

- In this school, peer on peer abuse will not be tolerated or passed off as 'banter', 'just having a laugh' or 'part of growing up'.
- Peer on peer abuse may take different forms:
 - Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
 - Sexting, also known as Youth Produced Sexual Imagery
 - Initiation/hazing type violence and rituals
 - 'Upskirting' typically involves taking a picture under a person's clothing without them knowing, for sexual gratification or to cause the victim humiliation, distress or alarm.
 - Sexual harassment such as sexual comments, remarks, jokes and online sexual harassment, either standalone or as a pattern of abuse.
- To support this agenda, the following steps are taken in school to minimise these risks:

Provide a developmentally appropriate relationships education, relationships & sex education and health education curriculum which develops students understanding of acceptable behaviour and keeping themselves safe and will be in line with DfE guidance from September 2020.

Have systems in place for any student to raise concerns with staff, knowing that they will be listened to and valued.

Develop robust risk assessments where appropriate.

Have relevant policies in place (e.g. behaviour policy, anti-bullying policy).

Victims, perpetrators and any other child affected by peer on peer abuse will be supported by one of the designated safeguarding leads, in the first instance Rob Goffee.

Serious Violence

(KCSIE, September 2019 Part 1 (para 29 & 30))

- We will ensure that all staff are aware of the indicators that may signal that children are at risk from, or involved with, serious violent crime.
- Indicators may include:
 - Unexplained gifts/new possessions - these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs

- Increased absence from school
- Change in friendship/relationships with others/groups
- Significant decline in performance
- Signs of self-harm/significant change in wellbeing
- Signs of assault/unexplained injuries

Staff will also be made aware of the associated risks and understand the measures in place to manage them (please see the home office 'Preventing Youth Violence and Gang Involvement' and 'Criminal Exploitation of Children and Vulnerable Adults: County Lines').
