Headteacher: Mr R Goffee

Message from the Chair of Governors

We are extremely proud of our school. We have worked tirelessly to raise standards and provide an exciting all round education for all our pupils.

We want our children to be safe and happy before anything else. We promote a joy of learning, a thirst for knowledge, a love of music, literature and the arts. We develop sporting and artistic talents, high self esteem and confidence, a caring and thoughtful attitude towards others, an understanding of other cultures, valuing diversity but most of all we want to give every child their 'passport for life'. Reaching high standards in all aspects of the primary curriculum gives every child a flying start in their secondary education and gives them the skills and knowledge, values and attitudes to do well in their GCSEs and beyond.

We achieve our success by tailoring children's learning, frequently on an individual basis, working closely with parents in a climate of co-operation with shared aims; we all want the very best for each individual child. We would like our parents to be delighted with both the breadth of the curriculum which we are able to offer and the huge level of support that we provide. We regularly seek their views and act on them.

Our staff are highly trained and well qualified. They are committed and dedicated to their work. They give their time freely, for example in providing after school activities to enrich the curriculum and offer opportunities throughout the year. They want the very best for their children and work extremely hard to ensure that every child in their class makes very good progress and reaches high standards.

Education is about more than exam results though and our teachers are passionate about children's personal and social development and dedicated to ensuring the happiness of your child. As a Church of England school, we promote Christian values which are evident in the tangible ethos of our school community and, we believe, give an excellent foundation for later life.

Excellence and Enjoyment are our watchwords and these pervade all we do in school. Your child deserves the very best, a high quality education in a safe, secure, friendly and stimulating environment with teachers who really care.

We pride ourselves in providing that here in our school.
