

Monster Days of the Week Snap Game

Instructions:

- Children can play in groups of 2 to 4.
- Use approximately 1 set of cards per child.
- Divide the cards between the players so each child has a pile, face down in front of them.
- Children take it in turns to place a card in the middle face up.
- When they place an identical card on top of another card they shout, 'Snap!' The first to shout, 'Snap!' wins the cards.
- If there is no snap, the child placing the card says the day before and the day after the month they placed on the pile.
