

# New Discovery

Draw a picture of your new plant in the box below.  
Make sure you draw the roots, stem, leaves and flower.

Make notes about your plant.

What part of the plant takes in water? How does it do this?

---

---

How does the plant collect light?

---

---

How does your plant stay upright? What part of the plant does this?

---

---

How does your plant make seeds?

---

---

How do you care for your plant?

---

---
